HOUWER BEEF

Proud to feed your family

Feeding your family quality meat

Why Choose Us?

At Houwer Beef, we raise our beef with care. Our passion is raising quality beef that tastes better than anything you've ever had.

We follow a prescribed ration to start and finish our cattle to perfection, with consultation from a cattle nutritionist, to provide you with a quality product. We do not use any antibiotics or hormones in our cattle and nearly all their feed comes right from our farm.

Our results have been tremendous with customers excited about their meat.

**We can't wait to get you
excited about it too!**

Options

We will put together whatever you need:

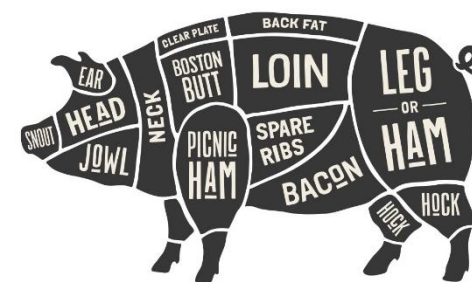

- custom 1/4
- custom 1/2
- **custom meat box** – including steaks, roasts, ground beef, patties or combinations – to meet your specific budget and preferences
- individual steak or roasts

Many of our steaks are available pre-marinated, so all you have to do is thaw and grill!

Almost all of our products are vacuum sealed to preserve freshness.

All meat is flash frozen once processed to maintain flavor, nutrients and texture of our farm-fresh quality.
